

CATALOGUE

The Gastone range
of original copper artwork
is made by
the Copperwares' team of
skilled craftsmen
and hand painted by talented local
artists.

The range
focuses on the magnificent wildlife
and stunning scenery
of Africa
which is incorporated
into each work of art.

COPPERWARES (PVT) LTD

• INTRODUCTION •

Copperwares Private Limited was established in 1960. Drawing on decades of experience, the Copperwares team of 130 craftsmen produce an extensive range of silver and copper plated hollowware which is sold under the Gastone, Windsor Silverware, Royal Sable Copperware, Royal African Collection, and the Sunray Bangle brand names.

Copper, the oldest metal known to man, is crafted by our Copperwares' team of skilled artisans and artists to produce the Gastone range of original copper artwork. Africa's stunning scenery and magnificent wildlife are

the inspiration for many of our pieces. Providing a dramatic focal point a Gastone product will enhance your home décor with a unique style.

The bright African sun is depicted on many of our products by a 'burst of sunrays' emanating from the centre of the copper background. This effect is achieved by our copper artisans who hand polish each piece. It is then the turn of our team of talented local artists who make each item unique by hand painting African bush scenery and village scenes onto many of our products. The animal figures used in the Gastone range are remarkably lifelike and give a three dimensional aspect to our finished range.

*“each piece is hand painted
by talented local artists”*

Our woodworking department uses a variety of woods from managed forests in the Eastern Highlands of Zimbabwe to frame many of our pictures and to produce our range of jewellery boxes and medal boxes for the United States of America Marine Corp.

The Gastone collection includes copper murals, wall pictures, fire screens, wall clocks, maps, tables, tusk ornaments, jewellery boxes, trays and ashtrays. We also have a selection of beautiful religious pieces including crosses and wall hangings.

We take pride in having established over the years a world wide reputation for originality, prompt reliable delivery, and above all, quality. We currently export to the USA, India, China, South Africa, Kenya, Uganda, Nigeria, Tanzania, Botswana and Zambia. We are proud to number the United States Marine Corp as one of our customers.

*“the best brightest ideas for giving
from Copperwares”*

• GENERAL INFORMATION •

Cleaning instructions

Our products require minimal maintenance. We use pure copper to produce a durable product which will not rust. During manufacture a protective lacquer coating is applied to the copper and an occasional wipe with a soft duster is all that is required to maintain the article in pristine condition. Solvents, abrasives and detergents should not be used for cleaning.

Clocks

All our clocks contain precision, German made, crystal quartz battery operated movements by Steiger which are guaranteed for 3 years.

Copyright

This catalogue is the property of Copperwares (Pvt) Ltd. Persons using this catalogue for any other purpose other than for reference pertaining to the selling of products listed herein and obtaining orders for Copperwares (Pvt) Ltd will be infringing on copyright and will be liable to legal action. All motifs depicted herein are the property of Copperwares (Pvt) Ltd and are accordingly protected.

Disclaimer

Weights = packed weights and are approximate.
 Sizes are approximate.
 Motifs are subject to change without notice.
 The images printed in this catalogue are not to scale.

General Information

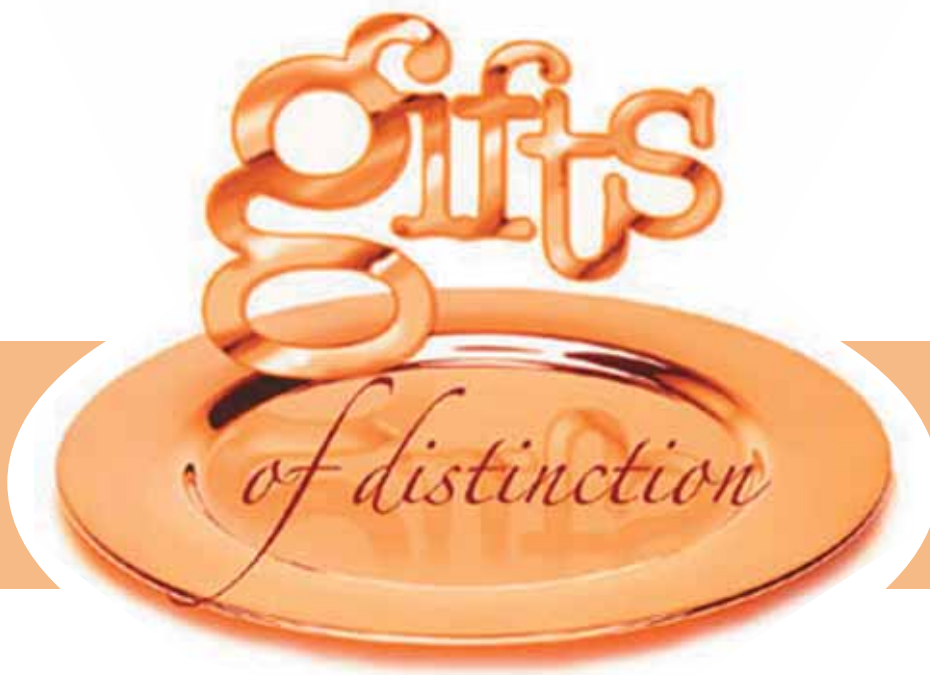

Code 25D, 31D, 37DA and 37DBF are supplied with leg stands and can be used as firescreens or wall pictures
 Additional numbers at the end of a code indicates the quantity of motifs on the product.
 All articles are depicted with copper backgrounds but BRASS and ALUMINIUM are available on request.

Packaging

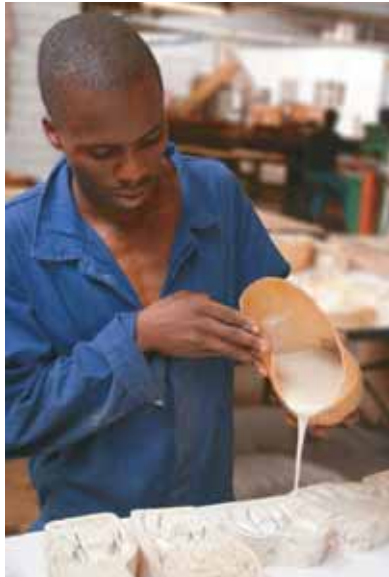

Correct secure packaging is a vital element in ensuring that our products reach their destination safely, be it by sea, rail or air. All items excluding miniature sizes are beautifully packaged in customized boxes.

Ordering

When ordering please quote the code, motif/s required and quantity.

Our skilled craftsmen have used copper to portray Africa's stunning scenery and wildlife in our range of original copper murals, pictures, wall clocks and maps.
